DEMOCRATIC TICKET.

FOR CONGRESS,
HON. GEO. G. GILBERT,
OF SHELBY COUNTY.

We think very little of the Democracy
that can unite with the Republicans
for a few policy offices—Winchester
Democrat. So do we. But this was
attempted when McKinley and Palmer
demanded Bryan.

The demagogue that when Gen.
Lee and Wheeler met Wednesday in
Washington they hugged and kissed
in republican delight. The fellow
democrat is not getting dirty, or women
are—Standard Journal.

Capt. W. T. HAYES, formerly editor
of the Mt. Sterling Standard-Democrat,
was Wednesday appointed Deputy
Clerk of the Court of Appeals by
Senator J. Shackelford, the newly
elected Clerk of the Court of Appeals.
THE CLIMAX rejoices in this recognition
of Mr. Hayes' valiant service to
the Democratic party through the ex-
cellent Mt. Sterling Standard-Democrat.

WHEN Senator Gilbert explained the
effect of the Gobel election law to the
Southern Confederation many Demo-
crats changed their opinions of old law
Senator Gilbert has only to say a few
words in regard to his bill to win the
friends. It is to give a Democrat
and all others interested, a fair count
of votes fairly cast. When it is done
this then it will be time to con-
demn it—Cynthiana Democrat.

Register, please take notice.
A New York regiment at Santiago
had to escape the fire of the
Spaniards, and American troops be-
hind them had to march over the pro-
truding forms of those gallant men from
the North. There a regiment that
never got any closer to the battle line
than the Clinchman, because of the ge-
ographical location of its home, near
a point of whom would have laid down
the enemy until struck by a
vital shot. "A Kentuckian knew only
to his God," and yields to an en-
emy only when he yields his life—
Lexington Enterprise.

THE Republicans of the Eighth
district are experiencing some trouble
in getting a candidate for Congress.
The election of the Democratic nomi-
nee in regard to almost certain and
consequently the sturdy honor is
very enticing to a Republican. But
John C. York, of Danville, present
Internal Revenue Collector, and the
strongest available man of the party
in the district, positively refuses to
make the run. This is the only man
believed in some quarters that Mr. York
will not make the run for govern-
ment—Georgetown Times.

The total cost of the war will be
about \$500,000,000, of which \$14,000,000
has been paid out directly.
The American loss totals 500 killed
and 1,400 wounded.

The Spanish loss was 2,100 killed and
10,000 wounded. This is the number
of American soldiers dying in the hospi-
tals, on American soil.

Thirty-five Spanish vessels were de-
stroyed, no Americans.

The territory lost by Spain in this
war was four million square miles.
Cuba, 14,500 square miles; 1,650,000
population.

Porto Rico, 3,500 square miles; 900,
700 population.

Guam (Ladrone Islands) 190 square
miles; 8,000 population.

In addition the Philippines Islands,
24,000 square miles and 70,000 popu-
lation, will be disposed of by the peace
conference.

John was in a fine fix! John was a common house. "Think, think, think, think," said he, "and when I'll keep."

It is said that a clergyman came around in the earlier part of the century at Chickamauga and after looking up the paymaster asked for a subscription to a new church.

"Oh," said the paymaster, "is it for this?" "Yes," the clergyman replied, "but we need money, and you will give us something for St. Peter."

"Well, St. Peter will have to wait," said the paymaster, "just now my money is being spent on saltpetre."

To greet the salt, said the clergyman, "I am not coming."

"To be with you," said the paymaster.
